“ Judy was a terrific wife, and everyone that got to know her liked her. The longer you are with someone the closer you get. When one gets sick the other jumps in and takes care of the other. There was no cure for Judy's cancer, but I was hoping to get a few more years with her, but I only got a year. I will miss the little things, or being able to touch her. But I have some good memories, I will have her in my heart forever.
